## Parent Survey for the 5Essentials School Evaluation

Dear Parent,

This is a letter aimed to encourage you to participate in the parent survey supplement, part of the Illinois 5Essentials Survey administration. Children in Riley School will be taking this survey and we hope parents will as well. We guarantee that survey responses will *never* be connected to the identity of you or your child. School reports will only present aggregated information of how parents and students responded as a whole.

A parent survey report will be generated if at least 20 percent of parents respond to the survey. While the parent data will not be made public, the parent report will be made available to school administration and will enable them to make considerations based on the responses given by Riley parents. Your participation in the parent survey will help us understand the conditions at your child's school and guide improvement. Again, your identity and individual survey responses will be kept completely confidential and will never be connected to you or your child.

Teachers and 4<sup>th</sup> through 12<sup>th</sup> graders throughout Illinois are taking the teacher and student 5Essentials Survey. School-level 5Essentials Reports will be generated if teachers and/or students meet their 50 percent response-rate thresholds. These research-based reports will be sent to schools and districts in March and will also be included in the State School Report Card, released statewide in the fall.

Please visit <https://survey.5-essentials.org/Illinois/> to take the parent survey.

If you have any questions about the survey, please contact 5Essentials Customer Support at 1-866-440-1874 or [5essentials@uchicago.edu](mailto:5essentials@uchicago.edu).

Sincerely,  
Christine Conkling
